We offer Certified Pool Operator Classes in Glenwood Springs!

Welcome to *CPO Colorado Pool + Spa Scapes*. Here you'll find everything you need to know about becoming a Certified Pool Operator through the National Swimming Pool Foundation (NSPF) in the Roaring Fork Valley.

Why Should I Become CPO Certified?

CPO® certification courses are designed to provide individuals with the basic knowledge, techniques, and skills of pool and spa operations. This program has delivered more training than any other program in the pool and spa industry since 1972, resulting in more than 282,000 successful certifications in 64 countries. Many state and local health departments accept the CPO® certification program to operate a public pool facility. Our Instructor has received comprehensive training and certification to teach the CPO® program. We represent every segment in the aquatics industry including operators, health officials, service professionals, builders, manufacturers, property managers, retailers, and academicians. This training has helped protect millions of swimmers by reducing hazards at aquatic facilities.

Course Information

- The CPO® certification program requires participation in a two-day class (14-16 hours) taught by our certified instructor.
- The CPO® certification program includes pool and spa chemistry, testing, treatment, filtration, maintenance, automatic feeding equipment, and government requirements
- The CPO® certification program requires an open book written examination
- The CPO® certification is valid for five years

Course Benefits

- Proven educational tool
- Widely accepted by local and state authorities
- Covers topics necessary for pool operators including a section for local and state codes
- Comprehensive handbook that is updated regularly
- All courses are taught by our NSPF® certified instructor
- The CPO® certification is recognized nationally and internationally
- Gives participants a better understanding of the operator's role in pool care, management and risk reduction
- The CPO® Certification program is now eligible for IACET Continuing Education Units (CEUs)
